

IntelliCraft Solutions Ltd.

Who We Are

IntelliCraft Solutions Limited is a Software development company based in Kenya and specializes in the implementation of ERP systems for multinationals and

local companies in the region. We are one of the best Microsoft partners in the Eastern Africa region in Microsoft Dynamics NAV.

IntelliCraft Solutions provides expert-level consulting, upgrades, development, and training for Microsoft Dynamics NAV user organizations. We focus exclusively on Dynamics NAV because we believe it offers the best value to small and mid-size ERP customers. This intensive focus has allowed us to achieve a high level of expertise in NAV, and to devote all our resources to this flexible and powerful ERP package. We deliver committed partnership to organizations enabling them to increase visibility, improve efficiency and boost collaboration across multiple sites and cultures.

Microsoft Partner

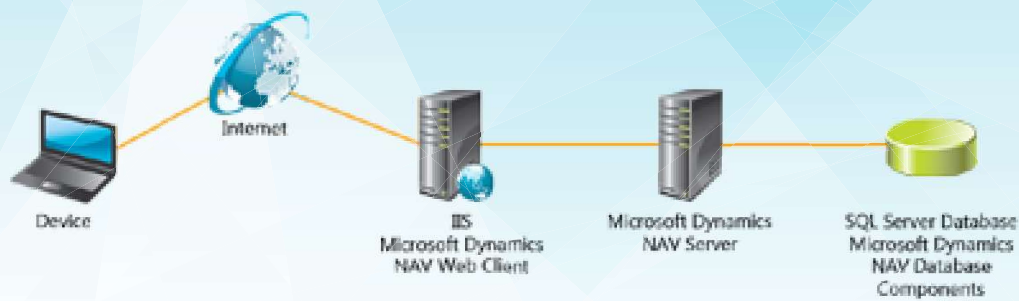

Our Products

1. MICROSOFT DYNAMICS NAV

Microsoft Dynamics NAV (formerly known as Navision) is a complete enterprise resource planning (ERP) software solution

for mid-sized organizations that is fast to implement, easy to configure, and simple to use. Right from the start, simplicity has guided—and continues to guide innovations in product design, development, implementation, and usability.

Highly adaptable and rich with features, Microsoft Dynamics NAV enables companies to manage their business as it comes with many key modules including;

- ✓ Financial management
- ✓ Sales order processing and Marketing
- ✓ Warehouse management
- ✓ Inventory control
- ✓ Purchasing
- ✓ Fixed Assets Management
- ✓ Service management
- ✓ Project management
- ✓ Manufacturing and Production scheduling
- ✓ Material requisitions and planning
- ✓ Human Resources
- ✓ Payroll

2. INCADEA

Incadea.Engine is a comprehensive Dealer Management System (DMS) which enables car dealers to perform more efficiently in daily business operations. incadea.engine® has been designed

especially for car dealers, workshops and importers and enables you to optimise your internal processes and workflows. It has the following key modules;

- Financial Management
- Vehicle Management
- Service Management
- Parts Management
- Fixed Assets
- Human Resources
- Payroll

Professional Services

1. ERP IMPLEMENTATION IS NOT 'ONE SIZE FITS ALL'

Effective ERP implementation is only possible when it is tailored to the specific needs of businesses. This is where ICS starts every implementation process and that level of customized support carries right through every aspect of analysis, design, testing, training, roll out and long term consulting advice.

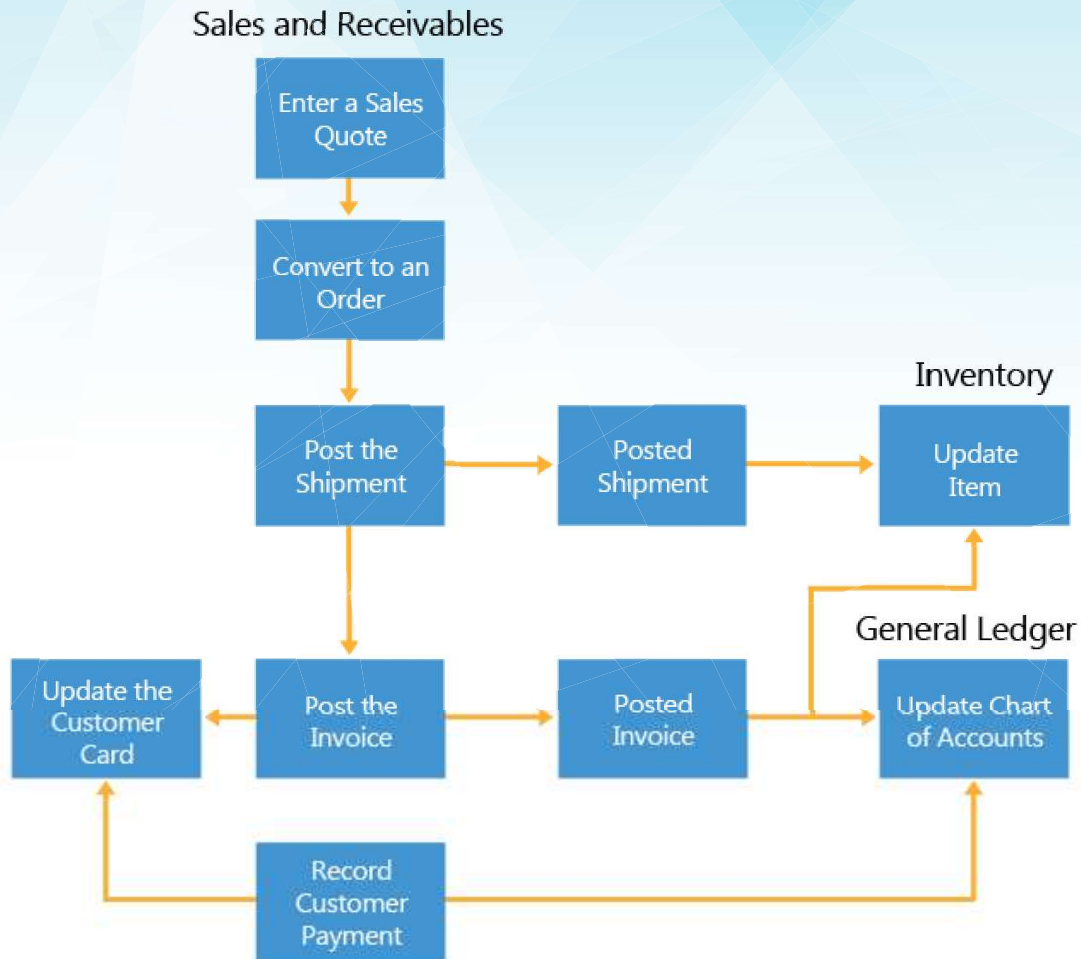

2. PROJECT MANAGEMENT

Success doesn't happen by accident - every project is thoroughly planned, risks are identified, contingencies planned for, roles and accountabilities are defined, success criteria are identified, quantified (where possible) and agreed. Regular status reports and our project collaboration keep you in control along the way. We always employ Microsoft Sure Step Methodology for all our project management.

3. BUSINESS PROCESS RE-ENGINEERING AND INTEGRATION

The foundation for your solution is built during a series of existing Business Processes. We assist you do radical redesign of core business processes to achieve dramatic improvements in productivity, cycle times and quality to deliver more value to your customer. We also integrate your ERP with your other systems and hardware to bring efficiency in your data capture processes.

4. ERP REFRESHER TRAINING

People can easily become overloaded with information during the critical training phase. To help your staff, we provide customized hands-on classroom training that is relevant to their job function.

5. ERP SUPPORT

To help you to use the system effectively, on a day to day basis, we provide ongoing support services either off-site or onsite. This depends on the plan you choose with us and the type of issue at hand. We offer support for the entire ERP Setups and Configurations, System Access, User Issues, Process flows and customizations.

6. TIMELY UPGRADE TO YOUR ERP SOLUTION

Every business goes through change and part of that includes changes in what you require as an ERP solution. The word 'upgrade' can drive fear into the heart of business owners as it is often associated with huge costs and excessive downtime.

ICS works hard to make your upgrades easy. Whether you are an existing or a new client, we take you through a step by step approach so you stay in control of what is happening through a smooth and stress free upgrade process.
